A SPECIAL INVITATION TO PASADENA ISD STAFF

The “cornerstone” in a school building is the first stone to be placed setting the standard for the whole structure. You, the educators and staff of Pasadena ISD, are our “cornerstone” setting the standard of dedication and achievement!

That standard of excellence is what has inspired the creation of the Pasadena Education Foundation. The Foundation raises donations from businesses, vendors, community members and the PISD staff to fund educational grants to teachers who will enrich and enable our students through creative education.

The Cornerstone Club is a significant part of fundraising supporting the Pasadena Education Foundation. PISD’s educators and staff volunteer to give through payroll deductions or through one-time gifts by becoming members of The Club.

Please consider sharing in these exciting and creative opportunities for student growth by becoming a Cornerstone Club member.
